SOLAR Web site available for online learning and resources

The SOLAR Web site has 90 courses available to Marshall team members for online training and resources. The courses include ethics, export control, financial and resource management, information technology security, occupational health and many other topics. Other courses are in development and will become available during the fall. Mandatory courses, such as ITS for Managers 2002, also are available. Visit the SOLAR Web site at <https://solar.msfc.nasa.gov>
